Digital Artist & Illustrator

Experience

Full Sail University | Visual Designer *Winter Park, FL* September 2019 – Present

- Responsible for creating visually compelling & believable designs to include into assets like floor plans, collages, facade elevations for presentations and concept design.
- Use design packages within Adobe CC to create new artwork & graphics to be printed.
- Work collaboratively with CAD artists to design and present Master Plans for future projects.
- Manage projects to order materials & communicate to contractors regarding the design process.

Freelance Artist *Orlando, FL* January 2016 – Present

- Work with my clients to create digital artwork from concept to completion. Created illustrations, logos, mock ups, graphic art assets & character concepts, 3D models & sculpts.
- Utilize traditional art techniques like sketching & also the Adobe Creative Cloud & 3D Modeling programs.
- Run a small on-line storefront with original Illustrations & art for sale.

The Icebox | Print Press Operator *Atlanta, GA* November 2015 – March 2019

- Setting up screen artwork for print. Ensuring quality of print throughout production.
- Leadership role of a small team to finish production & troubleshooting problems during printing.

Walt Disney World | Guest Operations Cast Member *Orlando, FL* January 2015 – July 2015

- Participated in the Disney College Program.
- Assisted guests with any part of their stay by providing quality customer service while elevating the guest experience.
